## IMPORTING NON-UNION MEN

**Strike-Breaker Farley in Chicago and Hundreds of His Men Arriving All the Time.**

## MOBILIZING THE MEN IN ST. LOUIS

While the Police Still Seem to Have Control, There is Much Rioting in Various Parts of the City—Delivering Small Merchandise by Mail—Collecting Evidence Against Strikers.

Chicago, May 2.—Wholesale importations of non-union men from St. Louis and the arrival of "Strike-breaker" Farley from New York gave a new turn Monday to the teamsters' strike here. Immediately on his arrival Farley held a conference with representatives of the employer. Plans for putting him in charge of all "strike-breakers" are said to have been decided on. Farley managed the non-union men in the New York subway strike. Non-union men in forces said to be almost unprecedented are on their way to Chicago. It was reported a special train bearing 475 men left St. Louis over the Illinois Central road early Monday. Another train with 500 men was being prepared. The work of mobilizing the men in St. Louis was conducted in secrecy. Half of the men were taken from southern Illinois and Kentucky. Many of them are negroes.

The federal government is helping the department stores deliver small parcels in a way that is beyond the interference of the teamsters. Thousands of small packages are being delivered by mail through the United States street railway postal cars. Col. Leroy T. Steward, superintendent of the free delivery system of the Chicago postoffice says that there has been a perceptible increase in this business from the day the delivery wagons of the department stores were stopped. By the street car service articles purchased in the morning may be delivered by mail at the door of the purchaser, provided the package is not too heavy. Thousands of purchases are light enough to meet the limit of postal regulations.

A large number of persons who have engaged in strike demonstrations were reported Monday to attorneys who with the aid of detectives and agents, are collecting evidence against persons alleged to have violated injunctive orders of Judge C. C. Kohlsaat of the United States federal court. In due time the attorneys declared the matter will be taken before the federal judge. Agents working for the Employers' association are daily making reports on violations of the injunction.

The largest consignment of strike-breakers arriving Monday were met at the Illinois Central railway depot by a guard of 100 policemen. Many of the non-unionists carried their clothing and other belongings wrapped in freshly purchased pillow slips. Watched by thousands of hostile eyes, the new arrivals, 400 strong, were marched in the middle of the streets to lodging houses in the center of the city. Police details are running short. It is said by some of the employers, who prefer that military aid will be

necessary before the end of the week. Four hundred wagons under guard are now on the streets, according to Victor Sincere of the Employers' association.

President Shea of the teamsters and President Dold of the Chicago Federation of Labor issued the following statement Monday afternoon:

"To the trades unionists, Chicago: The teamsters' organization has the situation well in hand and we earnestly request that no sympathetic strike be called or any member leave employment until such time as they are asked to do so by the committee having the matter in charge. We also urge upon all members of organized labor to preserve peace and commit no act that can be interpreted by the courts as a violation of the law or of either injunction issued."

It was further announced that union teams would be supplied to any "fair" house whose team companies had sold out to the new teaming company. Practically the first victory of the striker's wholesale drug house, Manager Peters announced that his firm had employed 25 union teamsters and would do its hauling with their aid.

## Railway Men Strike.

Chicago, May 2.—Six hundred men employed by the Chicago & Great Western company went out on strike Monday. The men have been receiving \$2.75 for ten hours' work and demanded the same amount for eight hours. The company refused. The men operate dredging and pile-driving machinery.

## Strike at Milwaukee.

Milwaukee, May 2.—One hundred electrical workers in 15 shops and the same number of sheet metal workers in nine establishments went out on strike Monday. The electrical workers demand an eight-hour day and a minimum scale of wages and the metal workers ask 40 cents per hour. This brings the number of men now on strike in Milwaukee up to 600.

## HONOR TO FITZHUGH LEE

Simple Services Held Over the Body of the Dead Virginian at Washington.

## FORMAL FUNERAL AT RICHMOND

Services to be Held at Virginia Capital on Thursday in Order That Son May Attend—Casket Covered With Flowers Escorted to Station by Military and Civic Pageant.

Washington, May 2.—An affectionate and imposing tribute was paid Monday to all that is mortal of Brig. Gen. Fitzhugh Lee, U. S. A., retired. Formal funeral services over the remains will be held in Richmond, Va., next Thursday. It was found necessary to delay them until that time in order that the general's son, Lieut. George Mason Lee, of the Seventh U. S. cavalry, who was in San Francisco with his regiment en route to the Philippines, might be in attendance.

Brief services were held at the Church of Epiphany many of the personal and official friends embracing the opportunity thus afforded to pay a last tribute of respect to the memory of the distinguished dead.

The church services were conducted by the rector of the Epiphany church, Rev. Randolph H. McKim, D. D., who is chaplain of the Washington camp of Confederate Veterans. He was an officer in Gen. Lee's old command in the Civil war and the two were life long friends. The services were very simple, being in accordance with the burial services prescribed by the ritual of the Episcopal church. No funeral oration was pronounced.

The casket containing the remains was covered with floral offerings. Among them was a handsome wreath sent by the president and Mrs. Roosevelt.

At the conclusion of the services the remains were escorted by a military and civic pageant to the Pennsylvania railroad station for transportation to Richmond. Maj. Edward Burr of the corps of engineers, U. S. A., was in command.

Col. John T. Callaghan, commander, and the members of the camp of Confederate Veterans, constituted a guard of honor for the remains while they were being taken to the depot.

Mrs. Lee was accompanied on the special train to Richmond by her brother, Maj. B. H. Forde, Gen. Lee's brother, Capt. D. M. Lee, and several other members of the Lee family. Several prominent army officers also accompanied the funeral party to Richmond.

## ALTARS SEALED FOR 49 YEARS.

Imperial Decree Enabled Old Believers of Moscow to Open Their Altars—Many Paintings Ruined.

Moscow, May 2.—The removal of the religious disabilities by the imperial decree enabled the Old Believers of Moscow to celebrate Easter in the churches of the Rogozhsk quarter. The altars which had been closed for 49 years were unveiled in the presence of the authorities. Many priceless paintings and icons were found to be irretrievably ruined by dampness. The principal service was attended by the prefect of police and Gen. Galitzin, aide-de-camp of the emperor, who was the bearer of the latter's decree granting religious freedom. The worshippers knelt before Gen. Galitzin and begged him to express their gratitude to the emperor and many of the congregation loudly invoked the Almighty's blessing on his majesty. An important deputation of Old Believers is going to Tsarskoe-Selo to thank the emperor.

## THE RUSSIAN SITUATION

More Than Fifty People Shot Down in the Streets of Warsaw by Russian Troops.

## ALL PEACEFUL AT ST. PETERSBURG

Bright Sunshine Aids Easter Festivities at Capital City of the Czar—No Attempts to Carry Out Threats of Terrorists are Reported From Any Part of the Country.

Warsaw, Russian Poland, May 2.—Thirty one persons were killed and many were wounded in a conflict here Monday afternoon between troops and workmen at the corner of Zelazna and Jerosolimska streets.

A procession of workmen carrying red flags was stopped by cavalry and infantry fired a volley with the result already cabled. Fifteen of the wounded were removed to the hospital but many others were taken to their homes.

Another collision between soldiers and workmen is reported to have taken place at the corner of Ziote and Sennova streets. A military patrol fired on a crowd and killed or wounded 29 persons.

## Easter Merry-making in Russia.

St. Petersburg, May 1.—Glorious Easter weather is reported generally throughout European Russia with bright, warm sunshine in St. Petersburg. Everything was perfectly calm during the early hours, the crowds devoting themselves to feasting and to the traditional merry-making. Hebe and there children and dancing in the streets and court yards to the accompaniment of the music of accordions and Russian guitars.

During the afternoon, free performances were given at all theatres and in the parks, great crowds were regaled with open air performances, puppet shows, the music of military bands, etc. Beyond the usual drunken rows in the industrial sections absolute quiet prevailed. Up to four o'clock there had been no attempts at demonstrations of any kind and the reports from other parts of Russia (with the exception of Russian Poland) also indicated that the day was passing with the traditional observances and without disorders. The workmen are making no effort to celebrate the new style May Day in Poland where the Gregorian calendar is followed.

The only disorder in Poland outside of the shooting at Warsaw, reported up to this hour is a small riot at Lodz where a priest was stoned leading to a scuffle between the crowd and the police in which four men were shot.

## IS CONFIDENT OF VICTORY.

Nan Patterson Will Probably Know Her Fate Within 15 Hours—Will Make No Defense.

New York, May 2.—Nan Patterson probably will know her fate within 48 hours. Monday there remained only the closing scenes in the trial to be enacted. That there would be no defense already had been announced before the court re-convened. Her counsel were satisfied that the state had failed signally in its effort to prove that the former show girl murdered Caesar Young, her lover, they said, and were content to stand or fall on what evidence had been submitted. The defendant agreed fully with her attorneys and expressed the firmest faith that her troubles were rapidly nearing an end. "I feel that I have spent my last Sunday in the Tombs," she said, while making ready to go to court. "To-morrow I will go home."

**Confederate Notice.**

There will not be a meeting of The Confederate Veterans and Sons and Daughters of Veterans at the Union Hall tomorrow, Sunday, as has been advertised. The meeting will be the next Sunday May 7th. The reason of change in program is the meeting was called for the purpose of appointing committees on Chickasaw reunion to be held in July, and since the regular meeting time of the old Confederates is Sunday May 7th, and should a meeting be held Sunday April 30th, it would necessitate the old soldiers making two trips and some have to come a good distance, therefore, the Sons and Daughters of Confederate Veterans will meet with the Wm. L. Byrd camp Sunday May 7th.

**DISASTROUS CAVE IN.**

The Earth Opened at Joplin and Ensnared an \$8,000 Equipment.

Joplin, Mo., May 2.—The earth literally opened and swallowed the \$8,000 mining plant of the Holy Smoke on the Aylor land south of Carterville Saturday afternoon. The mill was reduced to kindling wood. The debris is half buried 100 feet below the surface. The adjoining \$10,000 concentrating ore plant of the Lucky Budge is seriously threatened with an extension of the cave-in. It is being rapidly dismantled. The hole in which the Holy Smoke mill went down is 400 feet square and 100 feet deep. Fifteen men at work in the underground drifts were warned by the groaning of the earth and escaped an hour before the final crash came. State Mine Inspector Ragland is aroused by this and another disastrous cave-in a short time ago under the tracks of two railroads in Joplin and declares that a radical change in the cave system of zinc mining must soon come about.

There was a total absence of any depositors within the region of any of the banks prior to the opening of the doors for business Wednesday. The depositors who for two days clamored for their money at two of the banks were given reassurance from so many sources of the soundness of the institutions affected that the excitement died away almost as rapidly as it had sprung up.

Interest now centers in the capture of the former assistant cashier, Henry G. Goll, who is believed to have left the city United States Marshal Thomas B.
